Dear Valued Customer,

### **Thank you for banking with Bank of Maharashtra!**

Security of your account is of utmost importance to us. In our endeavour to continue educating our customers on security, we are hereby publishing the **Customer Awareness Series-5**. Please find the same below. Hope you find it useful and informative.

### **Customer Awareness Series-5**

#### **ATM**

You can make your ATM (Automated Teller Machine) operations safe, by observing some simple precautions:

#### **Do's and Don'ts**

- Memorize your PIN. Do not write and keep it.
- Stand close to the ATM machine while entering your PIN.
- Check for any device attached to the card swiping / inserting slot. If you find any abnormal attachment / fitting, do not use that ATM. It could be a skimmer attached to the ATM.
- Always press the 'Cancel' key before leaving the ATM premises.
- Do not share your PIN number or card number with anyone. Bank never asks for such information.
- Do not take the help of strangers for using the card or handling cash.
- If your card gets stuck in the ATM, or if cash is not dispensed after you have keyed in a transaction, press the 'Cancel' key and call your bank immediately.

**By Chief Information Security Officer  
Bank of Maharashtra**
