

Public Notice

For Current and Saving Inoperative Accounts Holders with Zero Balance in General Category ie excluding the accounts opened for Direct Benefit Transfer/Electronic Benefit Transfer/Scholarships for students.

As per guidelines issued by Reserve Bank of India a Saving/Current Bank Account is treated as inoperative if there are no customer induced transactions in the Account for a period of two years.

Some of these inoperative accounts are having ZERO Balance. We now appeal all our customers to verify the status of their account with concerned branches and conduct financial transactions after due KYC compliance if any and ensure maintaining minimum required balance in the account. These formalities are to be completed within one month from the publication of this Notice.

In case of non compliance to the above, the Bank will not have any other option but will be constrained to close such Zero Balance Inoperative Accounts, "without any further Notice".
