		<p>Lead District Managers represented that the present Samruddhi package for generation of Lead Bank Returns requires a need for upgrading the package and / or its integration with RBI new MIS. It was informed by RBI that the purpose of LBR and RBI MIS was different and MIS was seeking more granular information on sectoral deployment of credit to MSMEs, Housing and Education etc. As all banks were now on CBS platform, the data should be accessible at branch level and discussions in SLBC / DLCC / BLBC meetings should be based on the revised MIS format. Member Secretary, SLBC opined that LBR was useful at the district level as it generates block wise and activity wise information.</p>	<p>NABARD to look into the long pending demand of the LDMs for upgradation of Samruddhi package.</p>	<p>NABARD</p>
