Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Bank's preparation and fair presentation of the Statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the Bank's internal financial control with reference to the Statement. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the Statement.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

We believe that the audit evidence obtained by us and the audit evidence obtained by the branch auditors and other auditors in terms of their report of Subsidiary Company and unaudited financial statements provided by Associate's management is sufficient and appropriate to provide a basis for our audit opinion.
