He also informed that despite various natural calamities faced by the State during the past many seasons, the achievement of the State under ACP 2015-16 as at the end of the second quarter of the current fiscal was 59% of the annual target for total Priority Sector and that for Agriculture was also 63% of the annual target; achievement under other priority sector being 58% of the annual target.

About crop loan disbursements for the current season, he informed that the achievement of the State was 91% of the Kharif target which was considerably more than that during the corresponding period of the previous year at 82% showing year on year growth of 22%.

He informed the house about progress under Financial Inclusion Programme and appealed all the member banks to implement Pradhan Mantri MUDRA Yojana and the social security schemes launched by Hon'ble Prime Minister in letter and spirit.

At the same time, it was also to necessary to concentrate on rehabilitation of sick industrial units by undertaking viability study. During the current year, these banks have shown good YoY growth (82%) in crop loan disbursement over last year. Their achievement level of target is 79% which was 57% last year.

However, there is a need to gear up the machinery for achievement of targets. We request all the bankers to speed up the process of disbursement of crop loans and surpass the annual targets well ahead of time.

Agenda No. 3

Financial Inclusion

A) Pradhan Mantri Jan Dhan Yojana (PMJDY)

The scheme has been implemented in Maharashtra State and was a great success as all the banks in the state participated in the scheme wholeheartedly. The State has been covered for the purpose of opening of account of at least one member per family. However, the process of opening of accounts continues for left over families if any.

As of 10.02.2016, Banks in Maharashtra have opened 1.35 crore accounts of which 68 lakh accounts are from Rural area. The balance in the PMJDY accounts is to the tune of Rs. 1900 crore. About 1.14 crore RuPay cards have been issued and 90 lakh accounts have been seeded with Aadhaar number.

However, it is important to issue all the balance number of RuPay cards on top priority basis. Similarly, it is important to spread awareness about use of RuPay card at least once every 90 days by each account holder so that he continues to get the benefit of accident insurance. A camp mode approach may be adopted for the same.

All Banks are requested to ensure that all their Bank Mitras are equipped with latest RuPay Card Enabled Micro ATMs (PoS machines). Representatives of Banks may visit the Bank Mitras and carry out transactions using their own RuPay cards to ensure smooth working of the entire process.

It is also important to seed the accounts with Aadhaar numbers as it will prove beneficial to the customers for direct benefit transfer under various government schemes including LPG subsidy. However, as per recent Supreme Court judgment, it is not mandatory.

Progress under PMJDY as on 10.02.2016 (All India & Maharashtra State) is enclosed as **Annexure 7**.

Government of Maharashtra has appointed CEO, MSRLM as State Mission Director for PMJDY and other social security schemes. We request the State Government for formation of a State Level Implementation Committee (SLIC) as per directives. The composition of the committee may be as under:

Chief Secretary, Government of Maharashtra	:	Chairman of the Committee
Jt. Secretary, DFS, MoF, New Delhi	:	Nodal officer for SLBC, Maharashtra
CEO, MSRLM	:	State Mission Director
Nodal Officer, SLBC, Maharashtra	:	Member Secretary, SLBC, Maharashtra

B) Social Security Schemes

Status of enrollments as of 31.01.2016 under the three social security schemes is enclosed as **Annexure 8**. The Government has observed that the pace of enrollment is slow and the same must pick up. Member banks are requested to make all out efforts so that the schemes reach out to the masses as intended.

C) Pradhan Mantri MUDRA Yojana (PMMY)

Under the Pradhan Mantri MUDRA Yojana (PMMY), there are 3 types of loans i.e. Shishu, Kishore and Tarun. Achievement for the State of Maharashtra as of 16.02.2016 under all three categories of loans is given herebelow. Details as per **Annexure 9** attached herewith.

D) Financial Literacy Project

Government of India has launched a financial literacy campaign in mission mode on pilot basis. Maharashtra is one of the selected States. As per the plan, 30 lakh persons will be covered in the ratio 50 (Rural) : 30 (Semi Urban) : 20 (Urban). It is envisaged to impart financial literacy to school children from Class 8 to Class 12 covering 100 schools per district. All Banks are requested to implement the project in letter and spirit.

As of 31.01.2016, the camps were conducted in 1,817 schools in which 2,57,622 students participated. District wise progress is attached as **Annexure 10**.

E) Progress Under Financial Inclusion LBS – MIS V

It is important to provide banking facilities at a reasonable distance in hitherto unbanked areas for facilitating extension of various social benefits through banks to the eligible beneficiaries.

Progress under Financial Inclusion in the State of Maharashtra for the quarter ended 31.12.2015 is attached herewith in format LBS – MIS V of Reserve Bank of India (**Annexure 11**).

All member Banks are requested to implement financial inclusion programme whole heartedly to make various initiatives by the Government a grand success.

F) Connectivity

This has reference to circular No. 231 / DFIBT-32 / 2015 dtd 29.10.2015 (**Annexure 12**) and communication no. DFIBT / 15950-15978 / CBS-72 / 2015-16 dtd 22.12.2015

(**Annexure 13**) in respect of Solar Powered VSAT connectivity to Kiosk / Fixed CSPs in Sub Service Areas (SSAs).

The main problem in providing banking services in the far flung areas is that of connectivity. As such, it has been decided to provide support under Financial Inclusion Fund for setting up of Solar Powered VSAT to kiosk / fixed CSPs to address the issue of connectivity, as also power supply in the Sub service Areas.

The support will be available to any bank which have been allotted SSAs as indicated in Annexure I of circular dtd 29.10.2015. Support will also be available to those SSAs which have not been included in the said annexure, provided the areas are having no connectivity and the banks are interested subject to clearance of SLBC. SLBC will be responsible for checking the status of connectivity and give its recommendation.

The issue was discussed in a Video Conference dtd 16.02.2016 conducted by Department of Financial Services, Ministry of Finance, New Delhi with all SLBCs wherein it was represented by SLBCs that SLBCs were not competent bodies for checking the status of connectivity in SSAs and give their recommendation.

Additional Mission Director (PMJDY) agreed and observed that Banks claiming intermittent or no connectivity in SSAs will have to certify to that effect.

As such, representative of NABARD is requested to take up the matter with H.O. and Department of Financial Services and issue revised guidelines in this respect.

SLBC has already requested banks to confirm areas having connectivity problems from allotted SSAs as Dark and Grey areas. Data has been received only from a few member banks. Other members are requested to submit the same urgently.

G) Availability of Bank Mitras in SSAs

The Government is very keen on providing doorstep banking services to people in rural and remote areas through bank mitras. Officials of Department of Financial Services are randomly calling the Bank Mitras and visiting SSAs for verification. Department of Financial Services has also advised SLBCs to verify data submitted by banks by calling the bank mitras and verify their availability in the SSAs. The progress is being monitored closely from the top level in the Government.

SLBC, Maharashtra has started calling the Bank Mitras of all member banks in Maharashtra based on the data submitted by them to Department of Financial Services which in turn has been shared with SLBC.

In a Video Conference dtd 16.02.2016 conducted by Department of Financial Services, Ministry of Finance, New Delhi with all SLBCs, it was advised that status of availability of bank mitras in SSAs be shared with concerned banks.

SLBC Maharashtra will share the status with member banks and banks are requested to take corrective action accordingly for updation of data and provision of banking services.

H) **Roadmap for opening brick and mortar branches in villages with population more than 5000 without a bank branch of a scheduled commercial bank**

Vide circular no. FIDD.CO.LBS.BC.No. 82 / 02.01.001 / 2015-15 dtd 30.12.2015 (**Annexure 14**), Reserve Bank of India has advised to prepare a roadmap by identifying villages with population above 5000 without a bank branch of a scheduled commercial bank in Maharashtra. Lead District Managers have identified 281 such villages and the same have been allotted among SCBs including RRBs.

District wise – Bank wise allotment of the 281 centres for opening of bank branches has been submitted to Reserve Bank of India in prescribed format viz Annexure A, Part I & II attached herewith as **Annexure 15 & 16**. Detailed list of district wise centres where bank branches are to be opened is being put up on SLBC website.

Banks are requested to peruse the list and submit a status report on opening of their branches at the allotted centres by 31.03.2017 to Reserve Bank of India with a copy endorsed to SLBC. Banks are also requested to inform the respective Lead District Managers as and when their branches are opened at the allotted centres.

Lead District Managers are requested to review and monitor the progress of opening of branches during DCC meetings and submit a progress report from the Quarter ending March 2016 in prescribed format viz. Annexure B attached herewith as **Annexure 17**. The progress report is to be submitted to SLBC by 10th of the following month after end of quarter for consolidation and onward submission to Reserve Bank of India within prescribed time limit.

Dear Sir,

Solar powered V-SAT connectivity to Kiosk/Fixed CSPs in the Sub-Service Areas- Support under FIF.

The Information and Communication Technologies play an important role in rural development specially in financial inclusion. The Empowerment of rural communities is crucial for the development of the rural areas. Bringing the people in the rural areas in the mainstream of the digital technologies to access and adopt modern technologies is a major concern now. The main problem however is connectivity which is the main roadblock for making available banking services in the far flung areas.

02. VSAT technology offers connectivity without geographical or location constraints and hence is an ideal option for rural areas with difficult terrain in the country. VSAT is capable of supporting Internet, data, LAN and voice/fax communications. This technology is useful over geographically dispersed areas and in places where no such infrastructure is established. In view of the above, it has been decided to provide support under FIF for the setting up of solar powered VSAT to kiosk/fixed CSPs to address the issue of connectivity as also power supply in the Sub Service Areas.

03. Details of the Project: The details of the project are as indicated below:

A. *Institutions Supported* – The support will be available to any bank which have been allotted Sub-Service Area as indicated in the list in Annexure 1. Dear Sir,

Solar powered V-SAT connectivity to Kiosk/Fixed CSPs in the Sub-Service Areas- Support under FIF- Clarification

Please refer to our Circular No. 231/DFIBT-32/2015 dated 29 October 2015 (Copy enclosed) on Solar powered V-SAT connectivity to Kiosk/Fixed CSPs in the Sub-Service Areas- Support under FIF. In this connection we have been receiving queries on various issues related to the scheme. The clarifications related to the scheme are as under:

Conditions for Banks submitting proposals under FIF for support for Solar powered VSAT to Kiosk / Fixed CSPs are as follows:

1. The Banks have to first get the proposal approved from NABARD.
2. Regarding eligible branches, there are two possible scenarios
   i) In case of 894 SSAs identified by DFS, banks may submit the proposal directly to the concerned regional office of NABARD.
   ii) In case of SSAs without connectivity but are not a part of the list given by DFS, the banks may approach the respective SLBC and obtain a certificate stating that the SSA has no connectivity and submit the proposal along with the certificate to concerned regional office of NABARD.
3. The VSAT to be installed by the banks are preferably required to be solar powered VSAT because of erratic power supply in most of these locations. However, in case any bank does not want solar powered VSAT as stable power is available, they will also be extended

support subject to fulfilling other conditions. Support available in such cases would be on an item wise basis.

1. Support for setting up of solar powered VSAT is to address the issue of connectivity as also power supply in the SSA.
2. The support for the scheme will be on reimbursement basis.
3. The banks will have to complete the procurement as per their policy and submit the claim to NABARD regional Office as per the format enclosed along with the relevant documents.

FIDD.CO.LBS.BC.No. 82 /02.01.001/2015-16 **December 31, 2015**

The Chairman and Managing Director
SLBC Convenor Banks

Dear Sir/Madam,

Roadmap for opening brick and mortar branches in villages with population more than 5000 without a bank branch of a scheduled commercial bank

You are aware that SLBC Convenor banks were advised vide circular RPCD.CO.LBS.BC. No. 86/02.01.001/2011-12 dated June 19, 2012 to prepare a roadmap to provide banking services in all unbanked villages with population less than 2000 through a combination of business correspondents (BCs) and branches. Banks were also advised to ensure that there is a brick and mortar branch to provide support to a cluster of BC units at a reasonable distance of 3-4 kilometers. In February 2013, SLBC Convenor banks were advised to review the roadmap and increase the proportion of branches for covering the unbanked villages allotted to them such that about 5 percent of the unbanked villages identified in a State is covered through branch mode. Further, keeping in view the ongoing implementation of Pradhan Mantri Jan Dhan Yojana (PMJDY), SLBC Convenor banks and lead banks were advised vide circular FIDD.CO.LBS.BC.No. 47/02.01.001/2014-15 dated January 2, 2015 to complete the process of providing banking services in unbanked villages with population below 2000 by August 14, 2015.

2. On a review of the roadmap, it has been observed that coverage of banking services in unbanked villages is skewed towards the BC model and the ratio of branches to BC is very low. For increasing banking penetration and financial inclusion, brick and mortar branches are an integral component. Therefore, it has been decided to focus on villages with population above 5000 without a bank branch

of a scheduled commercial bank. This will also enable banks to provide quality financial services and timely support to BC outlets that would help in sustaining and strengthening the services provided through BCs and also ensure close supervision of BC operations.

3. Accordingly, SLBC Convenor banks are advised to identify villages with population above 5000 without a bank branch of a scheduled commercial bank in their State. The identified villages may be allotted among scheduled commercial banks (including Regional Rural Banks) for opening of branches. The opening of bank branches under this Roadmap should be completed by March 31, 2017.

4. The finalised roadmap with details of allocated villages to various banks should be submitted to the respective Regional Office of Reserve Bank of India as per proforma in Annex "A" latest by January 31, 2016. Quarterly monitoring and review mechanism should be instituted by DCCs and SLBCs to evaluate the progress under this roadmap. The SLBC Convenor banks should arrange to furnish quarterly statement as in Annex "B" of the district-wise, bank-wise progress in opening branches starting from quarter ended March 2016 by the 15th of the following month to the respective Regional Office of Financial Inclusion and Development Department, RBI and also publish it on the respective SLBC website (s).

5. SLBC Convenor Banks may accord top priority to this roadmap and ensure completion of allotment of villages within the prescribed timelines.

6. Kindly acknowledge receipt.

Yours faithfully,

Sd/-

Chief General Manager

FIDD.FLC.BC.No.18/12.01.018/2015-16 **January 14, 2016**

To Chairman/MD & CEO
Scheduled Commercial Banks
(Including RRBs)

Dear Sir/Madam,

Financial Literacy Centres (FLCs) – Revised Guidelines

Please refer to our circulars RPCD.FLC.No.12452/12.01.018/2011-12 dated June 6, 2012 and RPCD.FLC.No.7641/12.01.018/ 2012-13 dated January 31, 2013 issuing operational guidelines for conduct of financial literacy camps by FLCs and rural branches of banks.

Subsequent to the financial inclusion efforts by RBI and opening of accounts by banks through the PMJDY, considerable ground has been covered in the field of financial inclusion. Going forward, the focus is going to be on keeping the already opened accounts active. Financial literacy is central to this in the coming years as it enables consumers to understand the benefits of formal products and providers and to make choices that fit their needs and represent good value for money.

FLCs and rural branches of banks may adopt a tailored approach for different target groups viz. farmers, micro and small entrepreneurs, school children, SHGs, senior citizens etc. There should also be adequate synchronization at the ground level between the different stakeholders viz. LDM, DDM of NABARD, LDO of RBI, District and Local administration, Block level officials, NGOs, SHGs, BCs, Farmers' clubs, panchayats, PACS, village level functionaries etc. during the conduct of financial literacy camps.

In view of the above, the guidelines have been revised to align with the current financial landscape. Accordingly, the revised guidelines for Financial Literacy Centres of Lead Banks and the operational guidelines for the conduct of camps by FLCs and rural branches of banks have been prepared and are ***annexed*** (Annex I) herewith along with the reporting mechanism to be followed by SLBC Convener banks/lead banks.

Banks may note that this set of revised guidelines supersede RPCD.FLC.No.12452 /12.01.018/2011-12 dated June 6, 2012 on Financial Literacy Centres - Guidelines. The financial literacy guide issued vide circular RPCD.FLC.No.7641/12.01.018/2012-13 dated January 31, 2013 may be utilized by trainers as per requirements ***barring pages iii, iv and v*** that specify the operational guidelines for conduct of camps.

The financial literacy camps will be assessed/evaluated on an ongoing basis by the Lead District Officers (LDOs) of Reserve Bank of India.

Yours faithfully,

Sd/-

Principal Chief General Manager

ANNEX I

Revised Guidelines for FLCs of banks and Operational Guidelines for conduct of camps

I. Stronger FLC Architecture – Board Approved Policies

Financial Literacy Centres are the building blocks or the basic units that initiate the financial literacy activities at the ground level. Hence banks should provide the minimum basic infrastructure and strengthen the existing FLC Eco-system.

1. The Financial Literacy Counsellor/Director heading the Financial Literacy Centre is the key stakeholder in driving the financial literacy initiatives at the ground level. Banks should immediately put in place board approved policies on the modalities for engagement/recruitment of Financial Literacy Counsellors in FLCs. Some points to keep in mind are:
    a) The qualifications and the knowledge/skills of the FL Counsellor in conducting camps
    b) Prior Experience in banking/related fields
    c) Working knowledge of computers
    d) Knowledge of the local language
    e) Maximum Age for FL Counsellors
    f) Fixed Remuneration at market rates with incentives for better performance
2. Physical Infrastructure: The FLC being a part of the lead bank office or a rural branch should have a separate room/space with a seating capacity of minimum 10 members to address walk in customers.
3. Basic amenities like Computers/laptops and printers and furniture and fixtures to be provided.
4. Vehicular support may be provided for FL counsellors.
5. Each FLC should have a dedicated Help line for addressing grievances of the public in the district and the helpline should be adequately publicized.
6. Skill building of FL Counsellors: RBI will organize a workshop/training program in collaboration with CAB, Pune to train the Financial Literacy Counsellors this year. Regional offices of RBI will hold workshops at state level every year as part of the Financial Literacy Week in each state.

Each SLBC Convenor bank should update the database on Financial Literacy Centres through their SLBC/UTLBC Website on a real time basis with inputs from the LDMs/Sponsor banks **(Format as per Annex II)**.

II. Tailored Approach to Financial Literacy and conduct of camps

In a diverse country like ours, financial education should be customized to meet the requirements of different target groups, besides the basic financial literacy that every person is expected to know.

In this regard, FLCs and rural branches should identify different target groups at the ground level and conduct camps for a homogenous audience so that there could be more focus and in depth transmission of financial education.

Going forward, the approach of FLCs and rural branches of banks on conduct of camps will be as follows:

1. Special camps for the newly included people in the financial system, including PMJDY account holders:

FLCs and rural branches of banks across the country should address this target group on a special footing given that they have recently come into the financial system. They should be encouraged to make meaningful transactions and start using the associated benefits of having a bank account. A sample booklet containing the information to this target group has been prepared and is enclosed herewith. Banks may translate the booklet in the local language and provide to the camp participants.

Target: Minimum of one outdoor camp per month by each FLC and rural branch of banks. The special camps need to be conducted for a period of one year. In each camp, efforts may be taken to cover maximum number of participants.

2. Target group specific camps for the following segments:
   - Farmers
   - SHGs
   - Micro and Small Entrepreneurs
   - Senior citizens
   - School children
   - Others (may be identified by the FLCs)

   Target: One camp per month for each target group by each FLC and rural branch of banks. Adequate publicity may be given before the conduct of the camps.

III. Concerted Approach & financial support

FLCs should try to get on board as many stakeholders as possible at the district/panchayat/village level viz. LDM, DDM of NABARD, LDO of RBI, District and Local administration, Block level officials, NGOs, SHGs, BCs, Farmers' clubs, panchayats, PACS, village level functionaries etc. during the conduct of the camps. Adequate publicity should be given before the camps are conducted. Distribution of pamphlets, intimation through panchayat and local administration, media publicity etc. should be considered to make the camps a success.

Currently, NABARD is in the process of preparing a comprehensive policy on funding for setting up of FLCs by all banks. With regard to detail on funding on financial literacy activities from the Financial Inclusion Fund, banks may follow guidelines issued by NABARD.

Reporting Mechanism

SLBC/UTLBCs will submit the enclosed excel sheet (**Annex III- Part A, B and C**) on a quarterly basis to the respective Regional offices of RBI within 20 days from the end of the quarter.

Apart from what has been indicated in this circular, FLCs are free to undertake financial literacy activities as deemed necessary, as per local needs.

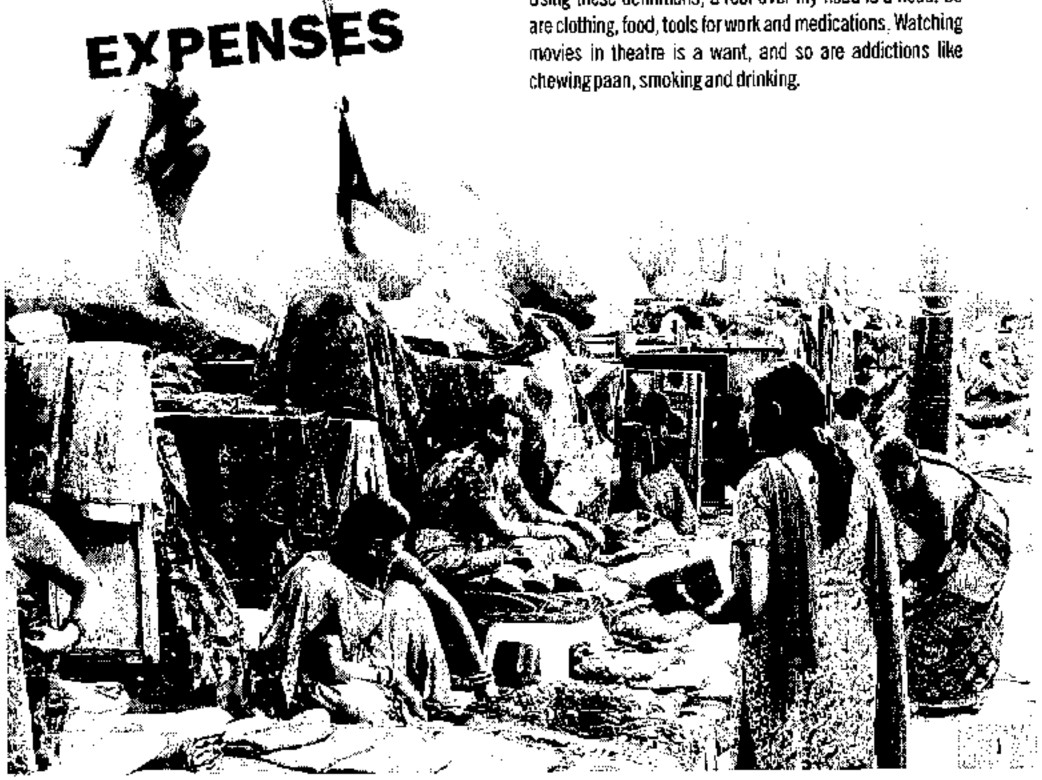
Module 1 Income, Expenses and Budgeting

Are you sometimes short of cash at the end of the month? Don't seem to be able to save for the things you really want?

You can learn to balance your income with your expenses – and even have some money left over for savings and extras. Let us show you how to manage your incoming and outgoing finances.



Setting priorities: Needs and Wants

It is very important to know the difference between your needs and your wants. This will help you set your priorities so that you know where to spend your money.

1.Need: A necessity, something required, something essential for life

2.Want: A desire, something wished for, something non-essential

Using these definitions, a roof over my head is a need. So are clothing, food, tools for work and medications. Watching movies in theatre is a want, and so are addictions like chewing paan, smoking and drinking.

Income

Most of us have a source of income through our job, business, farming or other work. Many may also be receiving interest income from their investments.

Whatever the sources of income, you need to know how to keep track of it and manage it to cover your expenses and save for the future.

Expenses

It costs money to live. You need to pay for food, clothing, housing, transportation, communication, and a dozen other necessary expenses. Then there are things like vacations, entertainment, children's education and marriage, gifts for relatives and so on. If you want to reach your goals, there are two things you must do with your expenses:

1. Know what you spend.
2. Reduce unnecessary spending.

The first step in controlling your spending is to get in the habit of tracking your daily expenses so you know how much you spend and what you spend it on.

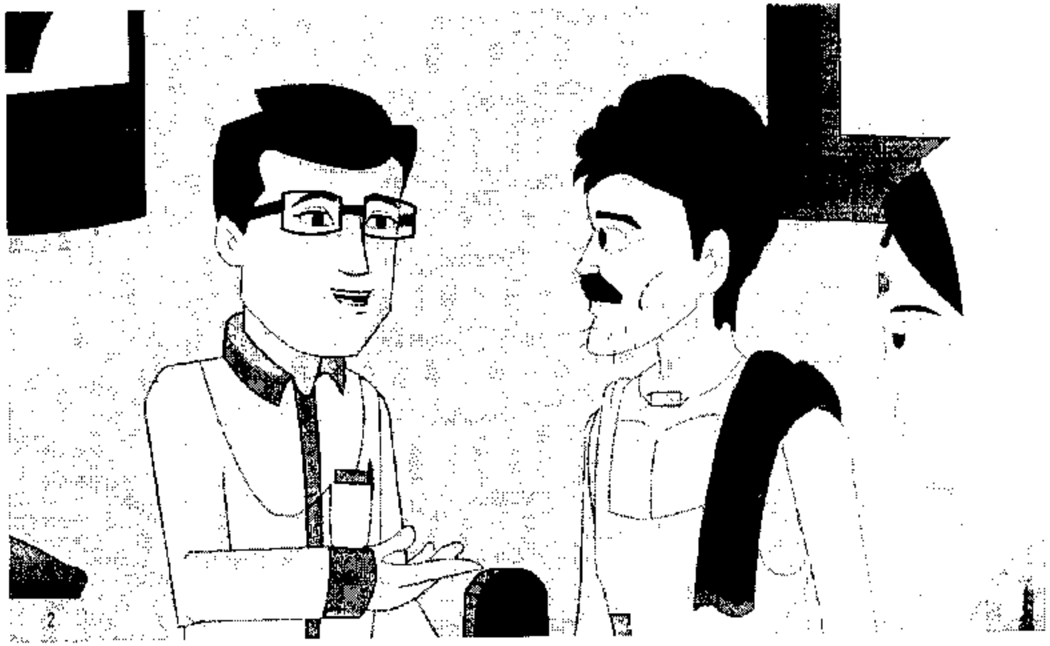
Keep every receipt.

Record every expense daily.

Total your expenses at the end of the month.

Do this for at least three months.

You will be surprised to know how much you spent and what you spent it on.



Budgeting

Now that you know your income and expenses, you need to put them together. This is called a budget. There's nothing difficult about a budget. It is simply a comparison of income and expenses.

Is the difference between your total income and total expenses a positive or a negative figure?

If it is positive, you have a surplus. Congratulations! With the extra money you must pay off any debt or loan you have. Otherwise you can increase your monthly savings or invest for future.

If it is negative, you have a deficit. You need to make changes to balance your budget. Reduce your expenses by focusing on your needs rather your wants.

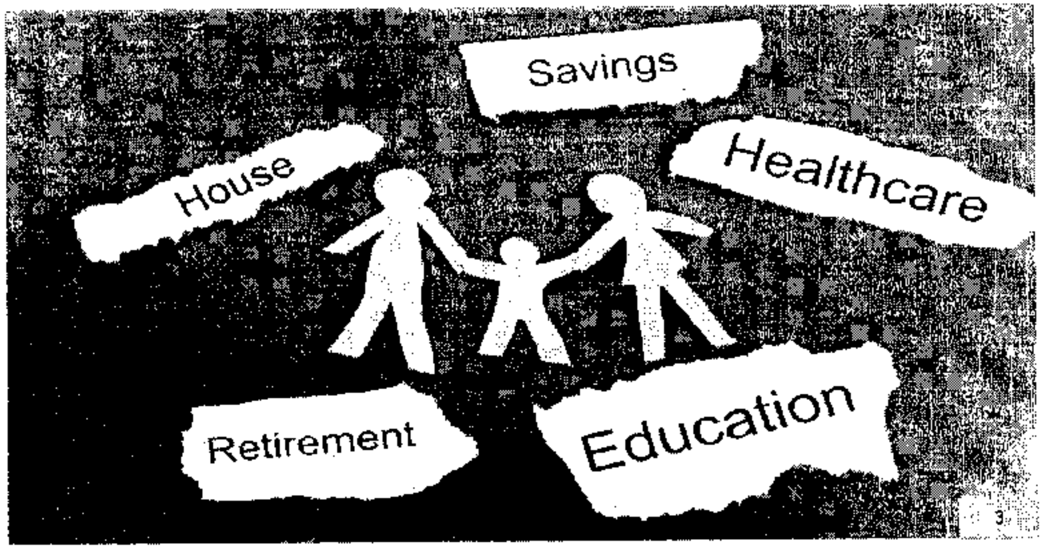
Budgeting isn't a one-time thing. To make it work, you need to do it regularly. At first, do this weekly and once you are comfortable you can do it monthly.

Financial Goals

If you want to go somewhere, you need to know the road. It's the same with your money. To manage your money well, you need to know where you want to go.

For ex[illegible], sa[illegible] a [illegible]bike [illegible] gue[illegible]ard to meas[illegible]w [illegible] kn[illegible] ou a[illegible] ing[illegible]ss or have achieved it? On the other hand, saving 50,000 rupees for a 100 cc motorbike within 10 months, is SMART. It's specific – you know exactly what you're saving for. It's measurable – you know how much you will need. It's achievable and realistic – you can break the total amount needed into smaller steps (saving 5,000 rupees a month) which is easier to do. And it's – time bound – you've set a deadline of 10 months.

It's important to set short medium—and long-term financial goals.



Module 2 Saving

Without savings, when you want to purchase something, you have to borrow money. Borrowing is expensive, because not only do you have to pay it back, but you also pay interest, often at a high monthly rate. Saving lets you avoid the interest you have to pay to borrow money. Most people know the reasons to save, – but many don't do it consistently. Save now.

How to save?

Now that you've decided you want to save, how do you go about it? Keep these tips in mind:

Make a plan for your saving and spending. Reduce unnecessary expenses and put your savings into a separate account. Spend on things you need, but wisely.

It's usually best to clear up any high-interest debts before starting your savings, because they usually cost more than you can earn with a savings plan. Pay these debts first and then regularly put the money into a savings account.

Pay yourself first. Set aside money from your income before you spend on anything else. Use what's left after saving to spend on things. Also, if your income goes up, put some of the increase (most of it, if you can) into your savings. It will be easier to do this before you get used to spending the extra money.

Make a regular contribution towards your savings. To make it easy, set up an automatic monthly transfer to your savings account.

Make use of tax benefit schemes to maximize your savings. Schemes like, EPF, PPF, NSC, ELSS, SSY and NPS are a good way to reduce the taxes you pay on your savings.

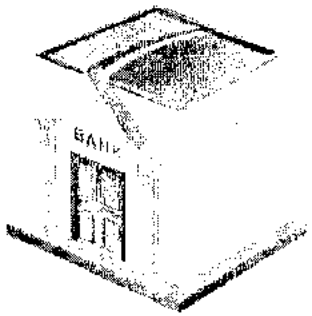
Saving is a key step to make sure your future is financially secure. Start early to give your savings as much time as possible to grow.

Where to save?

You know you can save at least a little every month. What should you do with your savings to keep them safe? There are many options. It can be as simple as a savings account at a bank. It can be recurring or fixed deposits, or post office savings schemes.

Savings account
Savings accounts are handy for short-term savings. You can deposit money into a savings account at any bank. This will keep your savings safe and pay a little interest. You can take your money out whenever you need it.

Recurring deposits
Recurring deposits popularly known as RD, are best if you wish to create a fund for a special occasions such as buying a car. These are suitable for people who do not have a large amount of savings, but are ready to save a small amount every month. No withdrawals are allowed.



Fixed deposits
Commonly known as FD, this is where you can deposit a sum for a fixed period. The depositor is given a fixed deposit receipt, which the depositor has to produce at the time of maturity. Withdrawals are not allowed, however, in case of need, the depositor can ask for the fixed deposit account to be closed by paying a penalty.

Each type of Savings vehicle has costs and limitations. Check them carefully to be sure you understand the terms and whether they provide what you need.

What is a BC? How does a BC function?

Banks have been allowed to appoint local individual persons and others as business correspondents (BCs) to work as agents of the banks. The BC uses devices based on Information and Communication Technology (ICT) such as handheld machines, smartcard – based devices, mobile phones, etc. to carry out the banking transactions.

Is our money safe if we deposit it with a BC?

The BC is a way of providing banking service at our doorstep if the bank branch is far from our area. Depositing our money with the BC is as good as depositing it with a bank branch. The transactions are done through ICT – based devices and accounted in the books of the banks. Customers get immediate verification of their transactions because the BC issue a receipt on behalf of the bank. Additionally, transactions because the BC issues a receipt on behalf of the bank. Additionally, transactions through BCs are based on our biometrics or a PIN number and no one else can do the transactions in our account.

What services are provided through BCs?

BCs help you open and make transactions in saving deposit accounts with in built overdraft, fixed deposits and recurring deposits. They also help us remit funds from our accounts and receive funds into our account. Besides, they provide credit for income – generating activities through Kisan Credit Cards for farming activities and General Credit Cards for non-farm activities.

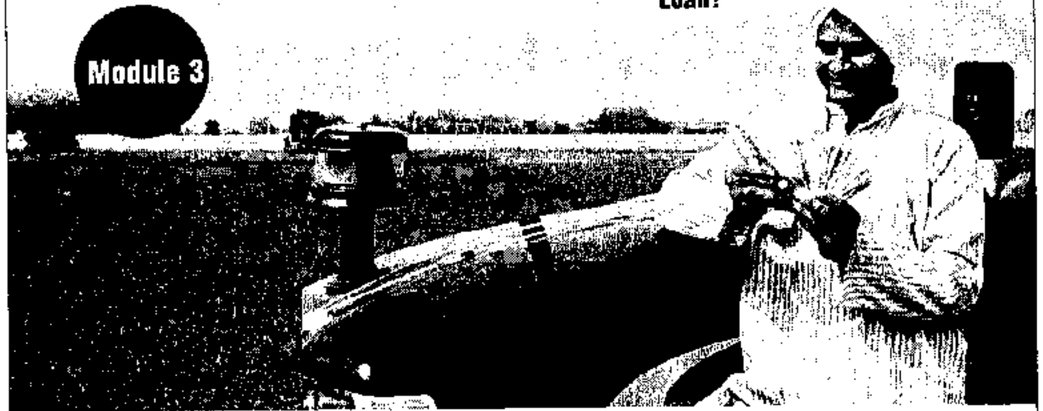
Module 3

Loan?



Many people need to borrow money to buy a house or car or for their children's education. This is called credit. Borrowing money is neither good nor bad. But financial experts often distinguish between good debt and bad debt. Good debt is an investment in something that creates value or produces more wealth in the long run. Examples are a loan to buy a house or an education loan for your children to pursue higher education. Bad debt is money taken to buy something that immediately goes down in value or to buy something that you can't repay on time. Example are a loan to buy a large television or a loan to pay your monthly expenses.

It's easy to spend without realising how the debts are piling up. Sometimes, despite your best efforts, you find yourself with more debt than you can handle.

Although it may seem impossible, you can get out of debt. The first step in solving your financial problems is to admit that you have them and take control before they get out of hand.

Suppose you want to buy something and you don't have money. The phone rings or you receive an email, offering to get you a loan. Don't fall for such pitches. Make a plan to save enough money so that you can buy what you want.

Why borrow within a limit?

When you borrow money, you have to pay interest on the borrowed amount.

Borrowing beyond your means will lead to a debt trap and it will be very difficult to get out of it.

When you borrow more than you can handle, you find it difficult to repay.

Borrowing within limits will help you build a good credit score, because you can repay your loans.

Paying interest on the loans you have taken is an expense. If you borrow more, your expenses grow.

Module 4 Insurance

No one plans to get in an accident or become seriously ill. The chances of these things happening to you may be very small. So we may put off buying the insurance we need. But these things do happen. It's only when the event occurs that we realise that we may not be as well protected as we would wish. Insurance is a way to protect yourself and your loved ones from financial hardship in case losses occur.

COMMON TYPES OF INSURANCE

LIFE INSURANCE

HEALTH INSURANCE

CAR INSURANCE

Life Insurance

When you buy a life insurance policy, you name a beneficiary. Life insurance provides a financial payment to your beneficiary upon your death.

It is generally recommended that you purchase insurance with coverage worth 7 to 10 times your annual income in order to protect your family.

Vehicle insurance

Auto or vehicle insurance is mandatory if you own a vehicle. Depending on your policy, it covers losses that your vehicle causes to other people and of your own medical expenses if you meet with an accident. It also covers the cost of repairing or replacing your vehicle due to other types of damage or loss, such as vandalism, fire or theft.

122

Health insurance

In the recent past the cost of treatment has increased enormously. A simple visit to a doctor now costs anywhere between 300 and 3000 rupees, depending on where you live. If your treatment requires you to stay in the hospital for a few days, you will end up with a huge medical bill that can severely impact your savings. To avoid such financial shocks, we must insure ourselves. Every insurance company offers a medical insurance plan that covers basic medical care, including doctor's visits and the costs of hospitalisation.

Making a claim

A disaster happens. Your bike is stolen. You have met with an accident. It's time to make a claim. When you make a claim, you are officially asking the insurance company to pay you for the loss you have suffered under the terms of your insurance policy.

Contact your insurance broker, agent or company as soon as possible, because most companies have time limits within which you must submit your claim. Also remember to provide all supporting documents when submitting your claim.

Module 5 Investment

Investing can be complex and it often has risks. But with knowledge, you can choose the level of complexity and risk that you are comfortable with.

Key factors

You need to know at least three key factors about every investment: its return, the risk and liquidity.

Return is the profit that an investor makes on an investment. It can come in two different forms: as income or as capital gain.

Risk means uncertainty. You are not sure whether your investments will give high returns or you will lose your money. Risk and return go hand-in-hand which means that to get higher return on your investments you will be exposed to more risk

Liquidity is the ability to cash in or sell an investment quickly at or near the current market price. It affects the value of an investment. Listed stocks and government bonds are liquid, because you can usually sell them easily.

Investing goals

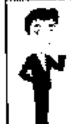
What you want from your investments depends on who you are. Your investment goals will be different from those of other people, and they will change as you go through life. Usually, you have a variety of goals at the same time. You may be looking for long-term growth in value but also want a secure and flexible fund for emergencies. Each household will have a variety of objectives, and will need a different investment strategy for each one.

1. If your goal is to make as much money as you can, you have to be ready to take some risks. You are likely to choose shares in companies with a potential for growing rapidly.

2. If your goal is to keep your money safe, or to provide money to live on, you would choose different investments, such as guaranteed investments or bonds that pay a low but reliable return.

One easy way to see how personal factors affect investment choices is to think about your stage in life or, the phase of your life that you are in

Stage 1



If you are young, you may be willing to take more risks because you are planning for the long term. If the value of your investments goes down, you'll have time to recover and your investments can grow over a long period of time.

Stage 2

If you are starting a new family, you want to provide security. You may still be planning for the long term, but you need to keep at least part of your money available to provide for shorter-term savings goals and emergencies, or to make major purchases such as a family house

Stage 3

If your family is becoming more independent, you may have less need for short-term savings, and be able to save more for your retirement. You may be at the peak of your earning years, with cash available for investments, but unwilling to invest your money in anything risky.

Stage 4

Once you have retired, you may be relying on your investments to provide a regular, reliable income to add to benefits such as your public or private pensions.

123

Diversification

It is never a good idea to put all your eggs in one basket. If you put all your money in one investment, it may rise or fall depending on a wide range of unpredictable factors. If you put your money into a range of investments and one or two lose money, the others may gain money to balance your investments.

This is known as diversification. It is a way to reduce risk when you are making investments.

Equity

Equity is a part of a company, also known as stock or share. When you buy shares of a company, you basically own a part of that company and can expect to profit when the company profits. These shares are traded on stock exchanges, which facilitate the buying and selling of stocks, thus providing a marketplace.

Investing in equities is riskier and definitely demands more time than other investments. For beginners, it's better to invest in the share market via mutual funds which are professionally managed and are less expensive.

Mutual Funds

A mutual fund pools money from many investors and invests in stocks, bonds, short-term money market instruments, other securities or assets, or some combination of these investments. The combined holdings that the mutual fund owns are known as its portfolio. Each unit represents an investor's proportionate ownership of the fund's holdings and the income those holdings generate. Buying a mutual fund unit is simple and easy since these are sold by many banks, and the minimum investment amount is small.

Before investing, it's important to remember that if an offer is too good to be true, it probably is. Also, be sure that the product or company you are investing in is a registered entity engaged in legitimate business.

Why invest?

Invest, so that your money will grow because of compound interest.

If you keep your money with yourself, you risk losing purchasing power to inflation.

Investing helps you achieve your financial goals.

Invest so that you don't have to rely on anyone.

After a full and productive working life, you look forward to a healthy, active and secure retirement. Whether you retire early or work well into your senior years, you want to know that you will be financially secure in your later life. Will you have enough money for your retirement?

If you're like most Indians, your younger and middle years are filled with numerous demands on your time and finances: raising children, buying and maintaining a home, enjoying festivities. You may be too busy to think about retirement, or you may find it hard to put money aside now for later.

Retirement needs

It is important to know how much money you will need for retirement. It can vary with your individual circumstances. Life expectancy, inflation and your retirement age are some of the key factors to be taken into consideration while calculating your retirement needs.

Inflation is the rising cost of consumer goods and services. It affects your retirement needs in two ways. First the cost of goods that you buy increases, which means that to buy the same amount of goods you need to pay more. Second, due to inflation your retirement savings also lose value. All this must be taken into account when you are creating your retirement fund.

National Pension System

The national pension system is a pension plan by the Government of India to provide financial security and stability during old age when people don't have a regular source of income. It is open to all citizens of the country between the ages of 18 and 60 on a voluntary basis. You can subscribe to the NPS through which you will be able to save and invest systematically during your working life. A minimum saving of 500 rupees per year is required to subscribe to the scheme. When you retire, normally at age 60, you will get a part of your money and the remainder can be withdrawn on a monthly basis. Your savings in the NPS, up to a certain limit are also tax exempt.

When it comes to thinking about your retirement, do you plan ahead? Or do you tend to put it off? One thing is clear; to ensure that you have enough to meet your retirement needs, it's essential to start planning early – at the beginning of your working life. It is important to start saving regularly, even if it's just a small amount every month.

Module 7 Financial Planning

Many of us think that financial planning is only about investing for retirement. It is – but it's also much more. Whether you're a college graduate, a young person, a housewife or a senior person, financial planning is how you think ahead to make sure you achieve your goals. Your goal may be to get out of debt, to balance your budget or to retire in style and comfort; without a plan all you have to rely on is good luck. People who are well prepared usually have better luck.

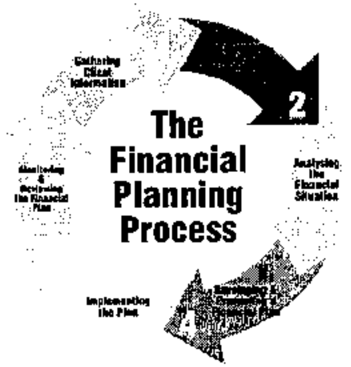
A financial plan can help you to:

1. Balance today's needs with your goals for the future
2. Make the best use of your financial resources
3. Adapt to change in your circumstances and needs
4. Save the money you need to achieve your goals
5. Prepare for unexpected emergencies
6. Protect what is most important to you
7. Prepare for retirement
8. Leave something for your family
9. Manage your taxes
10. Live your life with a sense of direction and security.

Planning means that you try to choose the future you want instead of falling into a future you did not choose. Also, if you have a plan you can adjust it when changes occur in your life. Because you know you are taking steps to manage your future, you will save more and worry less.

Begin your financial planning by answering three key questions:

1. Where am I now?
2. Where do I want to go?
3. How do I get from here to there?



Module 8 Government schemes

Pradhan Mantri Jan Dhan Yojana (PMJDY)

Opening a bank account under the PMJDY is simple and easy. It also offers a lot of benefits. Have you already opened an account? If you do not have an Aadhaar card you need any one of the followings documents: Voter ID, NREGA? card, driving licence, PAN card or passport. If you do not have any of these documents, you still can open an account. Go to a Gazetted Officer and get a letter issued with your name, address and photograph on it. By having a bank account you can now transfer money easily across the country. Also, government benefits such as old age pension or LPG subsidies will be directly paid into your bank account. Having this account will also give you access to various other insurance and pension products.

125

If you know someone who does not have a bank account, encourage him/her to open an account under the PMJDY and receive all the benefits, free of cost.

Pradhan Mantri Suraksha Bima Yojana

Once you have a bank account, and you are in the age group of 18 to 70, under the PMSBY you can get an accidental insurance cover of 2 lakh rupees by paying just 12 rupees per year. This will be automatically debited from your bank account once a year when you join the scheme. After joining the PMSBY if the policy holder meets with an accident amounting to death or disability, you or your family members will receive an amount of up to 2 lakh rupees as benefit.

Re-member that to join this scheme you need to have a bank account and agree to pay 12 rupees per year, which will be automatically debited from your account. So, go to your bank branch and avail of this scheme today.

Pradhan Mantri Jeevan Jyoti Bima Yojana

126

Atal Pension Yojana

Atal Pension Yojana (APY)
As the name suggests, this is a pension scheme under the National Pension System or NPS. Any one between the ages of 18 and 40 years can join the APY and will receive a guaranteed minimum pension of 1,000 to 5,000 rupees per month at the age of 60. Not only this, if you decide to join APY before 31st December 2015, the Government of India will also contribute 50% or 1,000 rupees per year for a period of 5 years.

You do not have to depend on your children for everything, because you will receive your own pension money each month. It is important to remember that if you join the scheme early you will need to pay less every month than if you join late. So stop waiting, go to your nearest bank branch today and ask them how to join the APY.

Module 9 Fraud protection

Financial fraud or scam is a growing problem in today's world. Every year we hear new stories about people losing all their money by investing in illegal schemes. But this has not stopped others from falling prey to these schemes. This is because criminals are very creative and they keep changing their tactics to find new victims. You can keep your money safe by being aware of these risks. Do you know someone who is a victim?

The first step in protecting yourself against fraud or scam is knowing what it is and how to recognise various types of fraud or scams.

Types of fraud or scams

Fraudsters and scamsters target people in a variety of ways: through email and on the telephone, when victims are making investments or by stealing personal information.

MASS MARKETING FRAUD

You receive an email that looks like it comes from a legitimate company, asking you to click on a link, but it takes you to a fake website. To be safe, never invest, donate or make purchases on the phone unless you can validate the company's existence.

INVESTMENT FRAUD

Someone recruits you to invest in a business or to buy merchandise to sell. You are expected to recruit new members. After a while, new people stop joining. That's when the promoters vanish, taking your money with them.

LOTTERY SCAM

"Congratulations! You've won the lottery/sweepstakes/big prize! All you have to do to claim your prize is send a small fee or tax payment." Legitimate contests don't charge fees for you to collect your prize.

CREDIT AND DEBIT CARD FRAUD

Credit card and debit card fraud happen when someone uses your card, card information or personal identification number (PIN) without your permission. Never share your PIN with anyone.

AFFINITY FRAUD

Fraudsters can win your trust more easily if you're part of a group of people who share a common cause, such as a religious or social organisation. Scammers may ask investors to keep the matter quiet.

127

SPOT FRAUD STOP FRAUD

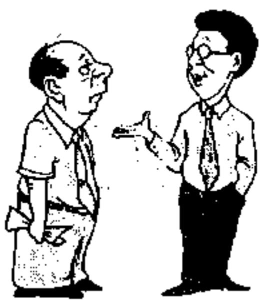
If you experience any of these red flags, do not participate in the investment. Inform the appropriate authorities and also tell your family and friends about the attempted fraud and warn them to be careful.

Don't be so cautious. Don't you trust me? You'll regret passing this up. You are made to feel guilty if you refuse to go along with the transaction.

It's complicated. You don't need to know the details. You are urged to invest without being given much information about the investment.

High returns with little or no risk – guaranteed. The offer is too good to be true

You must act now. Tomorrow will be too late. You are pressured to make a decision fast or on the spot.



Very few people know about this. That's why it's such a hot tip. You are given "insider information" that others don't know about.

Don't tell anyone or this fantastic loophole will close. You are asked to keep the matters secret.

We just need to confirm your information. You are asked to give financial information (PINs, credit cardnumbers, passwords, banking account information, etc.) or personal information over the phone, by email or on a website you do not know.

ATM (Automated Teller Machine)

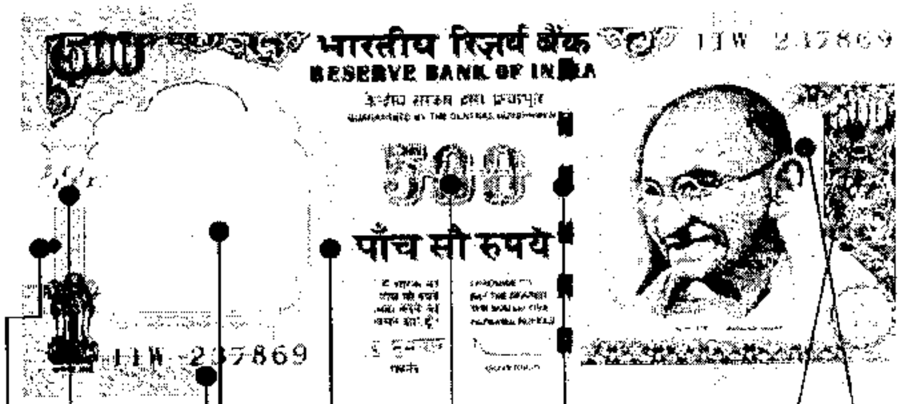
Through an Automated Teller Machine, bank customers can access their bank accounts for financial & non-financial transactions without having to go to their bank.

Customers should observe the following Do's and Don'ts to keep their transactions safe and secure at ATMs:

- Conduct all ATM transactions in complete privacy.
- Register your mobile number with the bank that issued the card. The bank will send you SMS alerts when an ATM transaction is made. If you find that an unauthorised transaction has been made, immediately report it to the bank.
- Beware of any extra devices attached to the ATM. These may be placed to capture customer's data. If you see such a device, immediately, inform the security guard or the bank entity maintaining the ATM.
- Be alert, Beware of strangers who try to make conversation with you or offer to help you operate the ATM.

- Never lend your card to anyone.
- Do not write your PIN on the card.
- Never share the PIN with anyone or seek help from somebody by handing over the card and revealing the PIN.
- Never let anyone see the PIN while you are entering it at the ATM.
- Never use a PIN that can be easily guessed, such as your birthday or telephone number.
- Never leave the card in the ATM.
- Remember that bank officials will never ask for card details or your PIN over the telephone - email. So, do not respond to any phone calls or emails from people claiming that they represent your bank. These are called vishing / phishing mails.

The security features in MG Series 2005 banknotes are as under:



Intaglio Printing: The portrait of Mahatma Gandhi, Reserve Bank seal, guarantee and promise clause, the Ashoka Pillar emblem on the left, the RBI Governor's signature on the bank note and the identification mark for visually impaired persons are printed in intaglio, which can be felt by touch.

See-through register: On the left side of the note next to the watermark window, half the numeral of each denomination (10, 20, 50, 100, 500 and 1000) is printed on the (front) and half on the reverse. The accurate back-to-back registration makes the numeral appear as one when viewed against the light.

Security Thread: The silver coloured machine-readable security thread is windowed on the front side and fully embedded on the reverse side. The security thread contains the words 'Bharat' in Devnagari script and 'RBI' appearing alternately.

Fluorescence: The number panels of the banknotes are printed in fluorescent ink. The banknotes also have dual coloured optical fibres. Both can be seen when the banknotes are seen under ultra violet lamp.

Micro Lettering: The letters 'RBI' and the numeral 500 can be viewed with the help of a magnifying glass in the zone between the portrait of Mahatma Gandhi and the vertical band.

Optically Variable Ink (OVI): The colour of the numeral 500 appears green when the note is held flat, but appears to be blue when the note is held at an angle. The font size is reduced

Latent Image: The vertical band contains a latent image showing the numeral 500 when the bank note is held horizontally at eye level.

Watermark: The portrait of Mahatma Gandhi, multi-directional lines and an electrolyte mark showing the denominational numeral 500 appear in this section and these can be viewed better when the bank note is held against the light

Identification mark: A circle in intaglio print, i.e., raised print which can be felt by touch, helps the visually impaired to identify the denomination.

What is Know Your Customer (KYC)?

KYC means "Know Your Customer". It is a process by which banks obtain information about the identity and address of the customers. This process helps to ensure that the banks' services are not misused. Banks have to complete the KYC procedure while opening accounts and it has to be updated periodically. To open a bank account, one needs to submit 'proof of identity and proof of address together with a recent photograph. The Government of India has notified six documents as 'Officially Valid Documents (OVDs) as proof of identity. These six documents are Passport, Driving Licence, Voters' Identity Card, PAN Card, Aadhaar Card issued by UIDAI and NREGA Card. You need to submit any one of these documents as proof of identity. If these documents also contain your address, then it would be accepted as 'proof of address'. If the document you submit as proof of identity does not contain your address, then you will have to submit another officially valid document that contains your address.

If I do not have any of the documents listed above to show my 'proof of identity', can I still open a bank account?

Yes. You can still open a bank account known as 'Small Account' by submitting a recent photograph and putting your signature or thumb impression in the presence of a bank official 'Small Accounts' have certain limitations such as:

- balance in such accounts at any point of time should not exceed Rs.50,000
- total credits in one year should not exceed Rs.1,00,000
- total withdrawal and transfers should not exceed Rs.10,000 in a month.
- foreign remittances cannot be credited to such accounts.

The workshop was chaired by Mr. Atal Dulloo, Joint Secretary and Mission Director-NRLM, MoRD, Government of India.

- The purpose of this workshop was to analyze the progress made on SHG linkage this year and also deliberate on the issues.
- On the first day of the workshop, an exposure visit to Umed-MSRLM field locations in Wardha and Yawatmal districts was organized. At the end of the day, debriefing sessions were held at the field. During the field visit, the community cadre including Bank Sakhis, Pashu Sakhis and Krushi Sakhis shared their experiences, which were highly appreciated by the bank representatives. On the second day, deliberations on various issues related to SHG Bank linkage were held.
- One of the key outcomes of the workshop was that the representatives from the PSBs received an opportunity to directly interact with the members of the SHGs, VOs and CLFs during their field visit. The participants were highly impressed with the overall quality of People's Institutions established by Umed-MSRLM.
- The bank representatives assured to take the subject of 'SHG Bank Linkage' on a high priority. A view that SHG credit linkage is a social concern as well as a promising business proposition for bankers resonated in this national level workshop.

7. Some Operational Issues still existing related to SHG- Bank Linkage

- **KYC requirement for the SHGs:** Reserve Bank of India through its circular No. RBI/2012-13/459 DBOD.AML.BC.No.87/14.01.001/2012-13 dated 28th March, 2013 has advised all the Banks for simplification of the KYC norms for the Self Help Groups. Reserve Bank of India has advised all the Banks that KYC Verification of all the members of the SHG need not be done while opening the SB Account of the Self Help Group and also at the time of the Credit Linkage of the SHGs. The KYC documents of the SHG officials operating account suffice in this regard. However it has been observed that at the Branch Level, Banks are still insisting on the KYC documents for all the Members.

  All the Banks are requested for strict adherence and compliance of the Circular issued by RBI in this regard.

- **Stamp Duty on Loan documents executed by Self Help Groups:** The Department of Revenue and Forest Government of Maharashtra through its

Gazette, Order No.Y/ A2003/oel,CA 494/Y-1/ Dated 17/11/2003 has waived stamp duty on Loan documents executed by the women Self Help Groups. However some Branches are still charging stamp duty on Loans to women Self Help Groups.

Banks are advised to stop charging stamp duty on Loan documents, executed by Women Self Help Groups.

- Banks may immediately disburse all loan cases of SHGs which have been sanctioned. It is observed that Banks have sanctioned some cases of Loans of SHGs but have kept it pending for Disbursement.
- Banks are denying loans to the Self Help Group if one members of the Group is a defaulter of the Bank in their individual capacity. The Banks may be advised to follow the directives of RBI and NABARD in this regard, which states that Bank may not deny loans to SHGs on the above ground.
- Banks may be advised to depute their personnel to Immersion visit, Training programmes and workshops organized by MSRLM to ensure uniformity of understanding about project goal and processes, as also overarching issues such as gender sensitization and livelihood development.
- Banks may be insisted to Code all the SHGs correctly in their Core Banking system, failing which the SHG might not be eligible to receive the benefits of the Interest Subvention Scheme.
- Banks are requested to send repayment alert SMS to the respective SHG's.
- Banks are advised to Issue Loan pass Books to SHGs preferably in the Vernacular language.

Agenda No. 6

Impact of Low level Credit Services in Scheduled Areas

Secretary to Hon. Governor, Maharashtra has conveyed Hon. Governor's concern about meeting Priority issues for the State. A meeting was conducted by Hon. Governor Maharashtra State and has reviewed the position of low level credit in the scheduled areas of the state. It was opined that the state should complete the targets under Annual Credit Plan. However he emphasized the need for achievements of targets in the scheduled area.

SLBC and State Government have to ensure that there is ample credit supply in Scheduled Areas.

There are around 1100 bank branches in the minority concentrated blocks of scheduled districts. There is a need for focused attention for improving credit level in many which are fully declared under scheduled area such as Surgana, Akkalkuwa, Dhadgaon and entire Palghar District. We have discussed this issue with Lead District Managers and some of banks also.

The low level credit is due to low potential in the blocks as agricultural cash crops are not being cultivated and there are no industries to finance. We suggest following action points to improve the low level of credit in the scheduled area blocks.

1) Block-wise potential areas along with the activities to be financed be made available by NABARD representatives to the banks.

2) Government with the help of District Collector should explore areas for increasing the potential finance. It is observed that the low level of credit in the area is due to non availability of schemes for finance.

3) The movement of SHG should be focused in the area so as to have community financing in the area.

4) The progress of finance and ACP achievements be reviewed in DLCC meetings regularly.

Agenda No. 7

Regular issues to be discussed during SLBC meetings

- **Dairy Entrepreneurship Development Scheme**

  NABARD is requested to apprise the house about the scheme along-with the latest performance.

- **Sanction of loans by banks to trained candidates under the Central Sector Scheme "Establishment of Agri-Clinics and Agri-Business Centres" (ACABC)**

  All concerned banks are requested to dispose of all the pending proposals under ACABC Scheme and give the latest position in the matter to the house. Being the Nodal Agency, NABARD is requested to present the latest status to the house.

- **Review of Weaver Credit Card (WCC) Scheme**

  During last SLBC meeting, all Banks were requested to submit the position of WCCs to NABARD and SLBC.

  Being the Nodal Agency for the Weaver Credit Card Scheme, NABARD is requested to give present status to the house.

D.O. No. G-16014/18/2015-HFA-V (FTS-14729)
Dated 5th February, 2016

Dear

As you are aware, the Pradhan Mantri Awas Yojana - Housing for All (Urban) (PMAY) has been launched on an All India basis w.e.f. 17th June 2015 and is operational in all Statutory Towns and Planning areas as notified with respect to the statutory town and which surrounds the concerned municipal area.

2. The scheme consists of four different verticals namely (a) In-Situ Slum Redevelopment, (b) Affordable Housing through Credit Linked Subsidy Scheme - CLSS, (c) Affordable Housing in Partnership, and (d) Subsidy for beneficiary-led individual house construction.

3. It may be noted that as per the Scheme Guidelines, the progress of implementation of the Mission is monitored by a Central Sanctioning and Monitoring Committee (CSMC), chaired by Secretary (Ministry of Housing and Urban Poverty Alleviation). The CLSS vertical of the Scheme is monitored by a Monitoring Committee consisting of Secretary (Ministry of Housing and Urban Poverty Alleviation) and Secretary (DFS) as Co-chairs. National Housing Bank (NHB) and Housing and Urban Development Corporation (HUDCO) have been identified as Central Nodal Agencies (CNAs) for CLSS. Salient features of the scheme are attached at Annexure A for your kind information.

4. Separately, after consultation with the CNAs, Indian Bank Association (IBA) has simplified the loan application form and documentation procedure for availing the housing loan under CLSS. We also attach herewith the Loan Application Form and documentation request at Annexure B. IBA has already circulated the documents to the PLIs.

5. We request you to upload the details of the scheme and also the Loan Application Form on your web-site. Kindly also arrange to upload vernacular version of these two documents on the website.

6. We also request you to consider placing a scroll message about the scheme on your websites and also requesting all the member banks in the State to follow the same. While uploading the details on the web-site of the SLBC, it would be useful to create a separate icon for "**PMAY Scheme**" flashing/ highlighting it as '**NEW**' and clicking on which would lead the beneficiary to all scheme related information & documents. It may also be considered if a Toll Free Number could be assigned to the scheme for entertaining enquiries and queries from the beneficiaries.

7. Also, the MoHUPA, GOI would be keen on spreading the PMAY scheme related messages to its beneficiaries through all possible means. Ministry would appreciate if you would also take the initiative to put up some posters/banners about the scheme in regional language inside your bank and brief the visitors too about the scheme, if requested by them.

With regards,

Yours sincerely,

(Rajiv Ranjan Mishra)

All Convener Banks of SLBC (As per list)

Hon'ble Prime Minister envisioned Housing for All by 2022 when the Nation completes 75 years of its Independence. In order to achieve this objective, Central Government has launched a comprehensive mission "Housing for All by 2022"

Housing for All (HFA) mission is since launched in compliance with the above objective of the Government and with the approval of competent authority.

The mission seeks to address the housing requirement of urban poor including slum dwellers through following programme verticals:

- Slum rehabilitation of Slum Dwellers with participation of private developers using land as a resource
- Promotion of Affordable Housing for weaker section through credit linked subsidy
- Affordable Housing in Partnership with Public & Private sectors
- Subsidy for beneficiary-led individual house construction.

1. Scope

1.1 "Housing for All" Mission for urban area will be implemented during 2015-2022 and this Mission will provide central assistance to implementing agencies through States and UTs for providing houses to all eligible families/beneficiaries by 2022.

1.2 Mission will be implemented as Centrally Sponsored Scheme (CSS), except for the component of credit linked subsidy, which will be implemented as a Central Sector Scheme.

1.3 A beneficiary family will comprise husband, wife, unmarried sons and/or unmarried daughters. The beneficiary family should not own a pucca house either in his/her name or in the name of any member of his/her family in any part of India, to be eligible to receive central assistance under the mission.

1.4 States/UTs, at their discretion, may decide a cut-off date on which beneficiaries need to be resident of that urban area for being eligible to take benefits under the scheme.

1.5 Mission with all its component has become effective from the date 17.06.2015 and will be implemented upto 31.03.2022.

2. Coverage and Timeline

2.1 All 4041 statutory towns as per Census 2011 with focus on 500 Class I cities would be covered in three phases as follows:

- Phase I (April 2015 - March 2017) to cover 100 Cities selected from States/UTs as per their willingness.
- Phase II (April 2017 - March 2019) to cover additional 200 Cities
- Phase III (April 2019 - March 2022) to cover all other remaining Cities

Ministry, however, will have flexibility regarding inclusion of additional cities in earlier phases in case there is a resource backed demand from States/UTs.

However, States/UTs will have the flexibility to include in the Mission the Planning areas as notified with respect to the statutory town and which surrounds the concerned municipal area.

2.2 The mission will support construction of houses upto 30 square meter carpet area with basic civic infrastructure. States/UTs will have flexibility in terms of determining the size of house and other facilities at the state level in consultation with the Ministry but without any enhanced financial assistance from Centre.

Slum redevelopment projects and Affordable Housing projects in partnership should have basic civic infrastructure like water, sanitation, sewerage, road, electricity etc. ULB should ensure that individual houses under credit linked interest subsidy and beneficiary led construction should have provision for these basic civic services.

3. Implementation Methodology

The Mission will be implemented through four verticals giving option to beneficiaries, ULBs and State Governments. These four verticals are as below:

"In situ" Slum Redevelopment

- Using land as a resource
- With private participation
- Extra FSI/TDR/FAR if required to make projects financially viable

Affordable Housing through Credit Linked Subsidy

- **Interest subvention subsidy for EWS and LIG for new house, or** incremental housing
- EWS: Annual Household Income Up to Rs3 lakh and house sizes upto 30 sq m
- LIG: Annual Household Income Between Rs. 3-6 lakhs and house sizes upto 60 sq m

Affordable Housing in Partnership

- **with private sector or public sector** including Parastatal agencies
- Central Assistance per EWS house in affordable housing projects where **35% of constructed houses are for EWS category**

Subsidy for beneficiary-led individual house construction

- For individuals of EWS category requiring individual house
- State to prepare a separate project for such beneficiaries
- No isolated/ splintered beneficiary to be covered.

4 Credit Linked Subsidy Scheme

The Mission, in order to expand institutional credit flow to the housing needs of urban poor will implement credit linked subsidy component as a demand side intervention. Credit linked subsidy will be provided on home loans taken by eligible urban poor (EWS/LIG) for acquisition, construction of house.

4.1 Beneficiaries of Economically Weaker section (EWS) and Low Income Group (LIG) seeking housing loans from Banks, Housing Finance Companies and other such institutions would be eligible for an interest subsidy at the rate of 6.5 % for a tenure of 15 years or during tenure of loan whichever is lower. The Net Present Value (NPV) of the interest subsidy will be calculated at a discount rate of 9 %.

4.2 The credit linked subsidy will be available only for loan amounts upto Rs 6 lakhs and additional loans beyond Rs. 6 lakhs, if any, will be at nonsubsidized rate. Interest subsidy will be credited upfront to the loan account of beneficiaries through lending institutions resulting in reduced effective housing loan and Equated Monthly Instalment (EMI).

4.3 Credit linked subsidy would be available for housing loans availed for new construction and addition of rooms, kitchen, toilet etc. to existing dwellings as incremental housing.

The carpet area of houses being constructed under this component of the mission should be upto 30 square metres and 60 square metres for EWS and LIG, respectively in order to avail of this credit linked subsidy. The beneficiary, at his/her discretion, can build a house of larger area but interest subvention would be limited to first Rs. 6 lakh only.

The Chairman/Managing Director/Chief Executive Officer
All Public Sector Banks

Dear Sir / Madam

Hon'ble Prime Minister address to Nation on Independence Day regarding Start-up India Programme

As you are aware, in his Independence Day address to the nation, the Prime Minister of India had launched 'Start up India' Programme which envisages as under:

'There are 1.25 lakh branches of banks in the country and every branch must resolve and in the days to come resolve once again to disburse loans for start-ups to the tribals in the locality where there is any tribal habitation, and where there is no tribal habitation, the branch can provide the loans to a dalit or a tribal, give financial support to them and thus 1.25 lakhs dalit entrepreneurs to come up. Let there be tribal entrepreneurs in the tribal settlement of this country. We can do this, we can give them new dimensions to start up and secondly these 1.25 lakh branches can formulate a special scheme for women entrepreneurs.

2. In this connection, we advise that the above programme to disburse loans for start-ups to the tribal / dalit / women entrepreneurs through bank branches is in alignment with and complementary to our existing instructions to increase credit flow to the Micro sector and our PSL guidelines. Banks are, therefore, advised to take appropriate action to implement the directions of the Hon'ble Prime Minister for extending credit to tribal / dalit / women entrepreneurs through each of their branches.

3. Please acknowledge receipt and furnish 'Action Taken Report' by November 30, 2015.

Dear Sir,

Sub: Request for inclusion of following issues in agenda of 130th SLBC meeting

1. Inordinate delay in getting DM permission for physical possession of securities under SARFAESI Act:

We would like to submit that, we are facing difficulty in getting the approval/ assistance from District Magistrates for taking physical possession of assets under SARFAESI Act. We are enclosing the indicative list of accounts for which we have filed the applications for physical possession.

Even after our efforts and personal meetings with the authorities, we are not getting timely approval. You will appreciate that huge public money is involved in these accounts.

2. Notifying new Centers for creating equitable mortgage (EM) of properties: The issue is pending for a long period and discussed in many SLBC meeting. No action has been taken by concerned government department.

Looking in to the importance, we request you to please include the above items in the agenda, for discussion in the forthcoming SLBC Meeting.

Thanking You,

Yours truly,

Monitoring Flow of Credit to Minority Communities

Public Sector Banks are required to lend 15% of their Priority Sector Lending (PSL) to Minority Communities. The progress made by banks in this regard is closely monitored by the cabinet and Prime Minister's office on quarterly basis. On perusal of the progress as of September 2015, the following has been observed :

No. of Banks achieving the stipulated target of 15%	-	5
No. of Banks having achievement in the range of 10% to 15%	-	3
No. of Banks having achievement less than 10%	-	25

In view of the above, member banks are requested to achieve the targets under lending to minority communities and the overall credit to minorities in the state should at least increase by 20% over and above the previous year.

The list of blocks and towns of Maharashtra where the percentage of minority population is high has already been circulated to all members banks as well as Lead District Managers. All member banks were requested to concentrate on these blocks / towns of Maharashtra for the purpose of increasing the percentage of lending to minority communities.

Quarterly progress report is to be submitted by SLBC to Ministry of Finance and hence all Banks are requested to submit the progress report to SLBC by 5th of the succeeding quarter **(Annexure 42).**
