The contractor shall on the request of the Architect/ Owner immediately dismiss from the works any person employed thereon who may, in the opinion of the Architect or of the Owner, be unsuitable or incompetent or who may misconduct himself, and such person shall not again be employed or allowed on the works without the permission of the Architect/ Owner as the case may be. The permission of the Architect/ Owner as the case may be. The

Architects or the Owner shall not enter into correspondence for stating the reasons for dismissal of such workmen.

15. ACCESS TO WORKS:

If any work is to be done at a place other than the site of works, the Contractor shall obtain the written permission of the Architects and the Owner for doing so.

The Architect, the Owner and any person authorized by them shall at all reasonable times have free access to the works and/ or to the workshops, factories or other places where item/ items of work are being prepared or manufactured for the contract and also to any place where the materials are lying or from which they are being obtained. The Contractor shall give every facility to the Architect and the Owner and their representative to the inspection and examination and cost of the materials and workmanship. No person unless authorized by the Architect or the Owner, except the representative of Public Authorities, shall be allowed on the works at any time.

16. ASSIGNMENT OF SUB-LETTING:

The works included in the Contract shall be executed by the Contractor and the Contractor shall not directly or indirectly transfer, assign or underlet the Contract or any part share thereof or interest therein except as mentioned in clause 17 below, without the written consent of the employer and no undertaking shall relieve the contractor from the full and entire responsibility of the Contract or from active superintendence of the works during their progress.

17. SUB-CONTRACTORS:

All Specialists, Merchants, Tradesmen and others executing any work of supplying and or fixing any goods for which prime cost prices or provisional sums are included in the Schedule of Quantities and/ or Specifications, who may be nominated or selected by the Architect are hereby declared to be sub-contractors employed by the contractor are herein referred to as nominated sub-Contractors.

No nominated sub-contractors shall be employed on in connection with the works against whom the contractor shall make reasonable objection or (save where the Architects and Contractor shall otherwise agree) who will not enter into a Contract providing:-

- a) The nominated sub-Contractors shall indemnify the contractor/owner against the same obligations in respect of the sub-contract as the contractor is bound under this contract for performance of his obligations with the Owner.
- b) The nominated sub-contractors shall indemnify the contractor against claim in respect of any negligence by the sub-contractor, his servants or agents or any misuse by him or them of any scaffolding or other plant, the property of the contractor or under any Workman's compensation Act in force.
- c) Payment shall be made to the nominated sub-contractor within 14 days of receipt of the Architect's Certificate provided that before any certificate is issued, the Contractor shall upon request furnish to the Architect proof that all nominated sub-Contractor's account included in the previous certificates have been duly discharged. If however the Owner is called upon to make such payments, the same may be done upon a Certificate of the Architect and deduct the amount thereof from any sums due or which may become due to the contractor.

18. VARIATIONS NOT TO VITIATE CONTRACT:

The Contractor shall when directed in writing by the Architect/ Owner omit from or vary works shown upon the drawings or described in the Specifications or included in the priced Schedule of Quantities, but the Contractor shall not make any alterations or additions to or omissions from the works or any deviations from the provisions of the Contract without such authorizations or direction in writing from the Architects/ Owners.

No claim for an extra shall be allowed unless it shall be executed by the authority of the Architects as herein mentioned any such extra is hereinafter referred to as an authorized extra. No variations, i.e. additions, omissions or substitutions shall vitiate the contract. The rate of items not included in the bill of quantities shall be settled by the Architect in accordance with the provisions of clause 20, hereof.

19. MEASUREMENTS OF WORKS:

The Architects/ Owner may from time to time intimate the Contractor that they require the works to be measured jointly and the contractor shall forthwith attend or send a qualified agent to assist the Architects/Owner or their representatives in taking such measurements and calculations and to furnish all particulars or give all assistance required by either of them. Should the contractor not attend or neglect or omit to send such an agent, then the measurements taken by the Architects/Owner shall be taken to be the correct measurements of the works. The measurements, unless otherwise stated, shall be taken in accordance with the 'method of measurements' mentioned in accordance with the specifications. In case of any dispute arises in the 'Method of measurements' then the final decision given by the Architects regarding the method of measurement shall be taken to be correct and final by the Contractor and the employer. The contractor or his agent may at the time of measurement take such notes and measurements as he may requires.

All authorised extra works, omissions and all variations made without the Architect's knowledge, if substantially sanctioned by him in writing shall be included in such measurements.

20. PRICES FOR EXTRAS ETC. ASCERTAINMENT OF:

Should it be found after the completion of the works from measurements taken (in accordance with the previous paragraph) that any of the quantities or amounts of works thus ascertained are less or greater than the quantities amounts specified for the works in the priced Schedule of quantities and/ or tender or that any variations, is made the valuation of such quantities, amounts or variations, unless previously or otherwise agreed upon, shall be made in accordance with the following rules:

- a) The net rates or prices in the original tender shall determine the valuation of the extra work, where extra work is of a similar character and executed under similar conditions as the work priced therein.
- b) The net prices of the original tender shall determine the valuation of the items omitted, provided if omissions vary the conditions under which any remaining items of work are carried out, the prices for the same shall be valued under (c) thereof.
- c) Where extra works are not of similar character and/or executed under similar conditions as aforesaid or where the omissions vary, the conditions under which any remaining items of work are carried out or if the amount of any omissions or additions relative to the amount of the whole of the Contract works or to any part thereof shall be such that in the opinion, of the Architects the net rates or price contained in the priced Schedule of quantities or tender or for any item of work involves loss or expense beyond that reasonably contemplated by the Contractor or is by reasons of such omission or additions rendered unreasonable or inapplicable, the Architects shall fix such other rates or prices based on actual on materials and labour (as per vouchers and muster rolls, as required by the Architects) plus 15% extra towards contractor's over heads and profit and the Owner, except as in (d) herein below, may think reasonable and proper, which shall be final and binding on the Contractor.
- d) In case of furniture items, the minor changes/modifications in the design shall not be construed deviation, and no price adjustment shall be made against the rates agreed to as per the Schedule of Quantities of the Contract. For major change in the design of any item of the furniture, the deviation shall be priced by the Architects as Extra, as per

(c) above. However the decision of the Architects whether the change/ modification in the design of furniture items is minor or major, shall be final and binding on both the Contractor.

The measurements and valuations in respect of the Contract shall be completed within 3 (three) months of the virtual completion of the Contract.

The contractor shall bring to the notice of the Architects/ Owner all the rates of the extra items before the execution of the work of each such extra items, and same shall be charged reasonably. In case of any dispute the Employers decision shall be accepted as final.

21. UNFIXED MATERIALS:

When any materials intended for the works shall have been placed at site by the contractor, such materials shall not be removed there from (except for the purposes of being used on the works) without the written authority of the Architect and when the Contractor shall have received payment in respect of any Certificate in which the Architect shall have stated that he has taken into account the value of such unfixed materials on the works such materials shall become the property of the works such materials shall become the property of the employer and the contractor shall be liable for any loss damage to any such materials. The payment certified against value of any unfixed materials shall not in any way exonerate the contractor from his obligation to the supply of good quality materials which may be found to exist at any stage of work or even the same is completed.

22. REMOVAL OF IMPROPER WORK AND MATERIALS:

The Architect shall, during the progress of the works, have power to order in writing from time to time the removal from the works, within such reasonable time/ times, as may be specified in the order, of any materials which in the opinion of the Architect are not in accordance, with the substitutions or the instructions of the Architect, and the substitution of proper materials and the removal and proper re-execution of any work, which has been executed with materials or workmanship, not in accordance with the drawings and specifications or instructions, and the Contractor shall forthwith carry out such orders at his own cost. In case of default on the part of the contractor to carry out such orders, the employer shall have to employ and pay other persons to carry out the same and all expenses consequent thereon or incidental thereto shall be borne by the Contractor, and shall be recovered or may be deducted by the Architects/ Employer from any money due or may become due to the Contractor.

In lieu of correcting work not done in accordance with the contract, the Architect may allow such work to remain and in that case may make allowance for the difference for damage to the employer, as in his opinion may be reasonable.

23. DEFECTS AFTER COMPLETION:

Any defect, shrinkage, warping, settlement or other faults which may appear with in the 'Defects Liability Period' of 12 months after the virtual completion of the works arising in the opinion of the Architect, from materials or workmanship not in accordance with the contract, shall upon the directions and writing of the Architect/ owner and within the directions and in accordance with the contract, shall upon the directions and writing of the Architect/owner and within such reasonable time as shall be specified therein, be amended and made good by the contractor at his own cost and expenses and in case of default, the Employer may employ and pay any other person to amend and make good such defects, shrinkage, settlements or other faults and all damages, loss and expenses consequent thereon or incidental thereto shall be made good and borne by the contractor and such damage, loss and expenses shall be recoverable from the contractor by the Employer or may be deducted by the employer upon the Architect's certificate in writing from any money due or that may become due to the contractor, or the employer may in lieu of such amending and making good by the Contractor deduct from any moneys due to the Contractor a sum, to be determined by the Architect equivalent to the cost of amending such works and in the events of the amount retained being insufficient, recover the balance from the Contractor.

24. CERTIFICATE OF VIRTUAL COMPLETION. :

The Contractor shall intimate in writing to the Architects as and when works are complete in all respects in order to enable the Architect to intimate the Employer to take possession of the same. The works shall not be considered as virtually completed, until the Architects have certified in writing that the same have been 'Virtually complied'. The defects liability period shall commence from the date of such virtual completion Certificate.

25. OTHER PERSONS ENGAGED BY THE EMPLOYER:

The employer reserves the right to the use the premises and any portions of the site for the execution of any work not included in this Contract which he may desire to have carried out by other persons, and the Contractor is to allow all reasonable facilities for execution of such work, but is not required provide any plant or materials for the execution of such work, except by special arrangement with the employer. Such work shall be carried out in such a manner as not to impede the progress of the works included in the Contract, and the Contractor shall not be responsible for any damage or delay which may happen to or be occasioned by such work.

26. INSURANCE IN RESPECT OF DAMAGE TO PERSONS AND PROPERTY:

The contractor shall be responsible for all injury to persons, property or things and for all structural and decorative damage to property which may arise from operation or neglect or default of himself or any Sub--Contractor or of any of his or a Sub-Contractor's employees, whether such injury or damage may arise from carelessness, accident or any other cause whatever in any way connected with the carrying out of this contract. The Contractor shall report serious accidents to any person working at site including visitors whenever occurring at site of the work to the Architects/ Employer. This clause shall be held to include, interlace any damage to buildings, whether immediately adjacent or otherwise, any damage to roads, streets, footpaths, bridges, or ways otherwise any damages caused to the buildings and works forming the subject of this Contract by frost or other inclement weather. The Contractor shall indemnify the Employer and hold him harmless in respect of all and any expenses arising from any such injury or damage to persons or property as aforesaid and also in respect of any claim made in respect of injury or damage under any acts of Governments or otherwise, and also in respect of any award of compensation or damages consequent upon such claim.

The Contractor shall make good all damages of every sort mentioned in this clause, so as to deliver up the whole of the Contract works complete and perfect in every respect and so as to make good or otherwise satisfy all claims for damage to the property of third parties.

The contractor shall indemnify the employer against all claims which may be made against the employer by his employees or by any member of the public or other third party, in respect of anything which may arise in respect of the works or in consequence thereof and shall at his own cost, effect and maintain until the Virtual Completion of the contract with an approved office, a policy of Insurance in the joint names of the employer and the contractor against such risks and deposit such Policy or Policies with the Architect on the signing of the contract. The contract shall also indemnify the employer against all claims which may be made the Employer whether under the workmen's compensation Act or any other Statute in force during the currency of this contract or at Common Law in respect of any employees of the contractor or of any Sub-contractor and shall at his own expense effect and maintain until the virtual completion of the Contract, with an approved office a Policy of Insurance in the joint names of the employer and the contractor against such risks and deposit such policy or policies with the Architects from time to time, during the currency of contract. In default of the contractor insuring as provided above, the employer may so insure and may deduct the premiums paid from any money due or which may become due to the contractor.

The contractor shall be responsible for anything which may be excluded from the Insurance Policies above referred to and also for all other damages to any property arising out of and incidental to the negligent or defective carrying out of this contract how so ever, such damage may be caused.

The contractor shall also indemnify the employer in respect of any costs, charges or expenses arising out of any claim or proceedings and also in respect of any award or compensation of damages arising there from.

The employer shall be at liberty and is hereby empowered to deduct the amount of any damages, compensations, costs charges and expenses arising or occurring from or in respect of any such claims or damages from any sums due or to become due to the Contractor against his pending or future bills.

27. FIRE INSURANCE:

a) The Contractor shall at the time of signing the contract insure the works and keep them insured until the virtual completion of the contract, against loss or damage by fire and all natural calamities and against all other risks in an office to be approved by the Employer in the joint names of the employer and contractor (the name of the former being placed first in the policy) for the full amount of the contract and for any further sum if called upon to do so by the Architect, the premium of such further sum being allowed to the Contractor as an authorized extra.

Such policy shall cover the property of the employer only, and shall not cover any property of the Contractor or of any sub-contractor or employees. The contractor shall deposit the policy and receipts for the premiums with the employer within 10 days from the date of signing the Contract. In default of the Contractor insuring as provided above, the employer on his behalf may so insure and may deduct the premiums paid from any money due or which may become due to the contractor. The Contractor shall as soon as the claim under the policy is settled, or the work reinstated by the In Insurance office, should they elect to do so proceed with all due diligence with the completion of the works in the same manner as though the fire had not occurred and in all respects under the same conditions of contract. The contractor in case, of rebuilding or reinstatement after fire, shall be entitled to such extension of time for completion as the Architect deems fit in consultation with the owner.

b) The amount so due as aforesaid shall be the total value of the work duly executed and of the contract materials and goods delivered upon the sight for use in the works up to and including a date not more than seven days prior to the date of the said Certificate less the amount to be detained by the Employer (as hereinafter provided) and less any installments previously paid under this clause. Provided that such Certificates shall only include the value of the said materials and goods as and from time as they are reasonably, properly and not prematurely brought upon the site and then only if properly stored against weather.

28. PAYMENT OF WAGES OF LABOUR BY THE CONTRACTOR:

The contractor shall pay to the labour engaged by the him in connection with work directly or indirectly through sub-contractors, wages not less than the minimum fixed by the appropriate Governments Authorities under minimum wages Act, 1946, as amended and shall duly and properly comply with or ensure compliance with all legislation laws, rules or regulations relating to the Employment of labour. The Contractor shall be liable for any damages or loss caused. A violation of this clause shall also be deemed to be a breach of contract. If the employer is called upon to make any payment towards wages etc. of the labour employed by the contractor, the same will be done from the outstanding payments against pending or future bills of the contractor.

29. TIME DELAY & EXTENSION OF TIME:

Time is the essence of the Contract. The Owner and the contractor in consultation with the Architects shall agree upon work progress chart. The chart shall be prepared in direct relation to the time stated in the Contract or the works order for completion of the individual

items thereof and/or the Contract or works order as a whole. It shall indicate the forecast of the dates of commencement of the completion of the various trade processes or sections of the work, and shall be amended as may be required by agreement between the Architects and the Contractor within the limitations of time imposed in the Contract. If the works be delayed:

- i) By force majeure, or
- ii) By reason of abnormally bad weather, or
- iii) By reason of serious loss or damage by fire, or
- iv) By reason of civil commotion, local combination of workmen or strike or lock-out effecting any of the trades employed on the works, or
- v) By reason of delay on the part of nominated sub-contractors, wherein the Contractor has, in the opinion of Owner, taken all practicable steps to avoid, or reduce, or.
- vi) By reason of delay on the part of contractors or tradesmen engaged by the owner in executing works not forming part of the Contract, or
- vii) By reason of proceedings taken or threatened by or dispute with adjoining or neighboring owners or public authorities arising otherwise than through the Contractor's own default, or
- viii) By reason of any other cause, which in the absolute discretion of Owner is beyond contractor's control then in any such case the Owner may make fair and reasonable extension after obtaining Architect's advice in the completion dates of individual items or groups of items of works for which separate periods of completion are mentioned in the Contract or works order as applicable.

Upon the happening of any such event causing delay, the Contractor shall immediately give notice thereof in writing to the Architects with a copy to Owner but shall nevertheless use constantly his best endeavour to prevent or make good the delay and shall do all that may reasonably be required to the satisfaction of the Architects/ Owner to proceed with the works. Extensions of time shall be granted.

30. LIQUIDATED DAMAGES:

If the Contractor fails to complete the works by the time stipulated in the tender document or within any extended time certified under provision of the Contract, and if the Architect shall certify in writing on or before the date of issue of the Certificate for the last payment to which the contractor may become entitled here under that the works could reasonably have been completed by the said date or within the said extended time, then the Contractor shall pay or allow the Owner the sum stated in appendix as beyond the date of completion or extended time, as the case may be, during which the works shall remain unfinished subject to a maximum amount stated in appendix towards liquidated damages and such damages may be deducted from any moneys due or which may become due to the Contractor from the pending and future bills. The deduction of such sums shall not, however, absolve the Contractor of this responsibility and obligations to complete the work in its entirety.

31. FAILURE BY CONTRACTOR TO COMPLY WITH ARCHITECTS INSTRUCTIONS:

If the Contractor after receipt of written notice from the Architect requiring compliance with such further drawing and/or Architect's instructions, fails within seven days to comply with the same, the Architect may employ and pay other persons to execute any such work whatsoever as may be necessary to give effect thereto and all costs incurred in connection therewith shall be recoverable from the Contractor by the Owner on a Certificate by the Architect as a debit or may be deducted by him from any moneys due or which may become due to the Contractor.

32. If there are any discrepancies, omissions and errors in meaning or the actual contents of each item of Schedule of quantities and other conditions of all the tender documents, the reasoning, the opinion and decision given by the Architects shall be taken as final and binding on both parties without any further appeal.

33. SUSPENSION OF WORKS:

If the Contractor, except on account of any legal restraint upon the owner preventing the continuance of the works, or on account of any of the causes mentioned in the Clause 'Extension of Time' , shall suspend works or in the opinion of the Architects, shall neglect fail to proceed with due diligence in the performance of his part of the Contract or if he shall more than once make default in the respects mentioned in clause 23 (removal of improper work and materials), the Owner through the Architect shall have the power to give notice in writing to the Contractor requiring that the works be proceeded within a reasonable manner, and with reasonable dispatch, such notice shall not be unreasonably given and must signify that it purports to be a notice under the provisions of this clause and must specify the acts or defaults on the part of the Contractor upon which it is based. After such notice shall have been given the Contractor shall not remove the site of works or from any ground contiguous shall have been placed thereon for the purpose of the work and the Owner shall have lien upon such plants and materials to subsist from date of such notice being given until the notice shall have been complied with. Provided always that such lieu shall not under any circumstance subsist after the expiration of 30 (thirty) days from the date of such notice given, unless the Owner and site as hereinafter provided.

If the Contractor shall fail for seven days after such notice has been given, to proceed with the works as therein prescribed, the Owner may enter upon and take possession of the works and site and of all such plants and materials thereon intended to be used for the works, and the Owner shall retain and hold a lieu upon all such plants and materials until the work shall have been completed under powers hereinafter conferred upon him.

If the Owner shall exercise the above power, he may engage any other person to complete the works and exclude the Contractor his agents and servants from entry upon or access to the same, except that the Contractor or any person appointed in writing may have access at all times during the progress of the works to inspect, survey and measure the works. Such written appointments or a copy thereof shall be delivered to the Architects before the person appointed comes on to the works and the Owner shall take such steps as in the opinion of the Architect may be reasonably necessary for completing the works without undue delay of expense using for that purpose the plant and materials above mentioned in so far so they are suitable and adapted to such use.

Upon the completion of the works, the Architect shall certify the amount of the expenses properly incurred consequent and incidental to the default of the Contractor as aforesaid and in completing the works by other persons.

Should the amount so certified as the expenses properly incurred be less than the amount which should have been due to the contractor upon the completion of the works by him, the difference shall be paid to the Contractor by the Owner should the amount of the former exceed the latter, the difference shall be paid by the Contractor to the Owner. The Owner shall not be paid liable to make any further payments or compensations to the Contractor for or on account of the proper use of the plant for the completion of the works under the provision herein before mentioned other than such payment as is included in the Contract.

After the works shall have been so completed by persons other than the Contractor, under the provisions herein before contained, the Architect shall give notice to the Contractor to remove his plant and all surplus materials as may not have been used in the completion of the works from the site. If such plant and materials are not removed within a period of 14 days after the notice shall have been given, the Owner may remove and sell the same, holding the proceeds less the cost of the removal and sale to the credit of the contractor. The Owner shall not be responsible for any loss sustained by the Contractor from the sale of the plant and materials etc. in the event of the contractor not removing it after notice.

34. PRIME COST AND PROVISIONAL SUMS:

- a) Where 'Prime cost' (P.C.) prices or provisions sum of money are provided for any goods or works in the specifications or Schedule of Quantities, the same are exclusive of any trade discounts, or allowance, discount for cash or profit which the contractor may require and for carriage and fixing.
- b) All goods or work for which prime cost prices or provisional sums of money are provided may be selected or ordered from any manufacturer's or firms, at the reserves to himself the right of paying directly for any such goods or work and the Architect may deduct the said prices or sums from the amount of the contract. Should any goods or works for which prime cost prices or provisional sums are provided or portions of same shall not be required, such prices or sums, together with the profits allowed for the same and such additional amount as the contractor may have allowed for carriage and fixing will be deducted in full from the amount of the Contract. Whether the goods be ordered by the Contractor or otherwise the Contractor shall, at his own cost fix the same, if called upon to do so, and the contractor shall also receive sign for such goods and be responsible for their safe custody as and from the date of their delivery upon the works.
- c) In case in which provisional quantities of materials are contained in the Contract, the Contractor shall provide such materials to such amounts or to greater or lesser amounts as the Architect shall direct in writing at the net rates at which he shall have priced such items in the Schedule of Quantities.
Should, however, any such items be entirely omitted, which omissions shall be at the Architect's discretion, no profit on such items shall be allowed to the Contractor.
- d) No Prime cost sum or sums (or any portion thereof) shall be included in any certificate for payment to the contractor until the receipted accounts relating to them have been produced by the Contractor to the Architect. Such accounts shall show all discounts and sum or sums in respect of such discounts shall be treated as a trade discount. Provided always, that should the Contractor in lieu of producing such receipted accounts, request the Architect in writing to issue a certificate on the owner for such sum or sums due either on account or in settlement to a sub-contractor direct, the Architect shall, upon satisfying himself that sub-contractor is entitled to the same, to issue certificate and sum or sums be deducted from the amount of the Contractor, at the settlement of accounts and any profit or sum to which the Contractor is properly entitled, in respect of such sub-contractor, and which the Contractor is properly entitled, in respect of such sub-contract, and which is in conformity with the terms of contract as though the amount of such certificates, to the sub-contractor had been included in certificate drawn in favour of the Contractor.
- e) If the Contractor neither produces the receipt nor give authority to the Architect to issue a certificate in favour of such sub-contractor direct, the Architect may upon giving the Contractor seven days notice in writing of his intention to do so, issue to the sub-contractor such certificate direct to the Owner and obtain a receipt from the sub-contractor which receipt shall be deemed discharge for the amount of such certificates as though given by the contractor. In such event, the Contractor shall not be allowed any profit he may have added in the Schedule of Quantities upon such-contract.
- f) The exercise of the option referred to herein-before by the Contractor and the issue of Certificates as before described to sub-contractors upon the Contractor's request or the issue to the sub-contractor direct of certificates by the Architect, shall not however, relieve the Contractor from any of the liabilities in respect of insufficient, faulty or incomplete work of the sub-contractor for which he may be liable under the terms of the contract.

- g) If any provisional items are provided for work of a nature usually carried out by the Contractor in the ordinary course of their business, the Owner shall give the Contractor an opportunity to tendering for the same without prejudice to the Owner's right to reject the lowest or any tender.

35. CERTIFICATES AND PAYMENTS:

The Contractor shall be paid by the Owner from time to time, by installments under Interim Certificates to be issued by the Architect on the bills submitted by the contractor in the proforma prescribed by the Owner on account of the works executed when in the opinion of the Architect work to the approximate value, named in the Appendix as 'Value of Work for Interim Certificate' (or less at the reasonable discretion of the Architects) has been executed in accordance with this Contract.

The Payment shall, however, to a retention of the percentage of such value named in the Appendix hereto mentioned as 'Retention Percentage' until the total amount retained shall reach the sum named in the appendix as 'Total Retention Money' after which time the installments shall be upto the full value of the work subsequently so executed. The Architects may in their discretion include such amount as they may consider proper on account of materials delivered upon the site by the Contractor for use in the work.

And when the works have been virtually completed and the Architect shall have certified in writing that they have been completed. The Contractor shall be paid by the Owner in accordance with the certificate to be issued by the Architect the sum of money named in the Appendix as 'Installment after Virtual completion', being a part of the said Total Retention Money.

The Contractor shall be entitled to the payment of the final balance in accordance with the final certificate to be issued in writing by the Architect/ Owner at the expiration of the period referred to as 'The Defects Liability Period' in the Appendix hereto from the date of Virtual completion or as soon after the expiration of such period as the works shall have been finally completed and all defects made good according to the true intent and meaning hereof, whichever shall happen, provided always that the issue by the Architect of any certificate during the progress of the works or at after the completion shall not relieve the Contractor from his liabilities in cases of fraud, dishonesty or fraudulent concealment relating to the works or materials or any matter dealt with in the certificate, and in case of all defects and insufficiency in the works or materials which reasonable examination would not have disclosed. No certificate of the Architect shall of itself be conclusive evidence that any works or materials to which it relates are in accordance with the contract.

The Architect shall have power to withhold any Certificate if any works or any parts thereof are not being carried out to his satisfaction.

The Architect may in any previous certificate make any correction which shall have been issued by him.

All efforts shall be made so that invariable the payments upon the Architect's Certificates are made within the period named in the Appendix as 'Period of Honoring of Certificates' after such certificates have been delivered to the Owner. Notwithstanding the aforesaid, the Owner shall have a right to withhold payment of pending of future bills of the payment of wages etc. which he is legally bound to pay, and adjust the same against such bills and release the balance amount, if any, to him.

36. NOTICE IN WRITING:

Written Notices for the Employer, the Architect, or the Contractor may be served personally or otherwise proved to have been received or sent by registered post to the last known place of abode or business of the party to whom the same is to be given or in the case of a

Company or corporation, Notices may be served at or sent by registered post to the Registered Offices of the Company or Corporation.
Any notice sent by registered post shall be deemed to be served at the time, when in the ordinary of post it would be delivered.

37. For any dispute as regards valuing, the final amount to be paid to the Contractor in connection with the Contractor's final bill, amount and value of the all authorised extra items, the decisions of the Architects shall be considered as absolute, final and binding to both the parties without any further appeal.
38. That the responsibility of procuring various items of materials which will require to be incorporated in the works will be that of the Contractor. No materials for incorporation of the work including Cement shall be issued to the Contractor by the Owner.
39. The Contractor shall indemnify the Owner against any loss caused any time during the execution of the said works, or during the Defects liability Period after completion of the said works), on account of defective workmanship in works and on account of use of the materials which are not as per Specification in the said works referred to in this Owner against the same works.

40. TERMINATION OF CONTRACT BY THE OWNER:

If the Contractor being an individual or a firm, commit any act of insolvency, or shall be adjudged an Insolvent or being an Incorporated Company shall have an order for compulsory winding up made against it or pass an effective resolution for winding up Voluntarily or subject to the supervision of the Court and the Official Assignees of the Liquidator in any such acts of insolvency or winding up shall be unable within seven days after notice to him requiring him to do so, to show to the reasonable satisfaction of the Architect that he is able to carry out and fulfill the Contract, and to give security thereof, if so required by the Architect.

Or if the contractor (whether an individual, firm or Incorporation Co.) shall suffer execution to be issued or shall suffer any payment under this Contractor to the attached by or behalf of any of the Creditors of the Contractors.

Or shall assign or sublet this Contract without the consent in writing of the Owner first obtained.

Or shall charge or encumber this contract or any payment due or which may be due to the Contractor there under.

Or if the Architect shall certify in writing to the Owner that the Contractor:

- i) Has abandoned the Contract, or
- ii) Has failed to commence the works, or has without any lawful excuse under these conditions suspended the progress of the works for 14 days after receiving from the Architect written notice to proceed, or
- iii) Has failed to proceed with the works with such due diligence and failed to make such due progress as would enable the works to be completed within the time agreed upon, or
- iv) Has failed to remove materials from the site or to pull down and replace work within the time limit as specified by the Architects after receiving the written notice from them that the said materials or work were condemned and rejected by the Architect under these conditions, or.

- v) Has neglected or failed persistently to observe and perform all or any of the acts, matters or things by this contract to or observed and performed by the Contractor for 7 days after written notice shall have been given to the contractor requiring the Contractor to observe or perform the same, or
